Re: Chemical Recovery Systems, Inc.
of Elyria, Ohio

Dear Mr. Albrecht:

Mr. James Freeman, President of the above-captioned corporation which I represent, has informed me that he spoke with you by telephone on Monday, July 21, 1980, regarding the results of air samples taken by your organization at the company property recently. Further, Mr. Freeman informs me that you stated that the ambient air surrounding the still operation and other areas of the company property is well within limitations as to exposure provided by all government bodies including: OSHA, The American Conference of Governmental and Industrial Hygienists, and your organization. Needless to say, I am very pleased to hear of these results.

I would appreciate your confirming this in writing to my office and your sending copies of your test results as soon as they are available.

Very truly yours,

DAVID C. LONG
